this book could have been ten times longer but it serves the purpose of introducing christians to the truth concerning the beginning of the world and the universe the first three chapters of genesis describe historical facts not myths as the hebrew texts prove most quotes are by scientists evolutionists jealously guard their failed hypothesis because as they say they cannot let god get a foothold in science in itself this is an admission of anxiety that truth will one day be shown and it is not found in scientism which is the fake version of science there are absolutely no proofs for evolution but how many know this evolutionists are so scared of this truth getting out they will resort to legal restraints they are so afraid they enforce evolution only in schools by intimidation and false science and denigrate students in universities for daring to question evolutionary orthodoxy yet genuine scientists know evolution is fake they hate god that s it

this is a book of history ethics and philosophy it is a record of teachings passed down through the generations from the east and the west it contains the fullness of the sealed covenant established between man and the laws of the universe as we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved the divine refers to the laws of nature and the universe that guide us in our everyday lives the creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on earth it is merely a force and it is not necessary to belong to a group to experience
